**RE: MCAZ INTRODUCES NEW ONLINE TOOL FOR ACCESSING THE  
MEDICINES REGISTERS**

The Director-General of the Medicines Control Authority of Zimbabwe is mandated in terms of section 27 of the Medicines and Allied Substances Control Act [Chapter 15:03] to keep a register known as the Medicines Register. The Register is currently available on the MCAZ website in excel format.

The Authority would like to advise all its stakeholders that with effect from the 5<sup>th</sup> October 2018, medicines registers will be available on-line, in real-time. Monthly register updates will no longer be posted on the website after the 31<sup>st</sup> December 2018 as the information will be accessible in real-time through the new searchable application on the website.

To find a registered or approved human, veterinary or complementary medicine, please visit the website: [www.mcaz.co.zw](http://www.mcaz.co.zw) and click on **online services**, and then the **online register** icon. The application is designed to enable our stakeholders to view, filter information and download approved or registered medicines as preferred.

Yours faithfully,

**MEDICINES CONTROL AUTHORITY OF ZIMBABWE**

  
.....  
**DIRECTOR - GENERAL**
